president's message

BRENDA MURRAY, RDH
PRESIDENT

Proclamation of the Dental Hygienists Profession Regulation under the *Health Professions Act* (the Act) on October 31, 2006 launched a new era for the profession of dental hygiene and the delivery of dental hygiene services to Albertans. Under the Act, Alberta Registered Dental Hygienists (RDHs) have been given the broadest scope of practice in Canada, with the potential to improve access and delivery of dental hygiene services to Albertans.

Many years of work by the CRDHA, and the Alberta Government's vision and commitment to improving access to oral health care for Albertans, has positioned our college as a national leader, with other provincial dental hygiene organizations looking to CRDHA as they develop proposals and strategies to encourage their own governments to implement equivalent legislation.

The new Alberta legislation allows registered dental hygienists RDHs to practice to the full extent of their competencies in a wider variety of settings.

In this first full year of regulation under the new legislation, twenty RDHs have ventured into new practice arrangements including practicing in association with another health care provider, mobile dental hygiene practices and private dental hygiene clinics. These pioneers have established their practices in a variety of areas around the province, not just in the major centres of Calgary and Edmonton. They have established collaborative relationships with

dentists and dental specialists, physicians, dietitians, pharmacists and other health care providers to ensure comprehensive care for their clients.

It has been a pleasure and a privilege to serve as your president at this exciting time. I have appreciated the opportunity to meet and communicate with many members across the province, to work with Council, and to have the support of a very dedicated staff. I'd like to take this opportunity to thank all of our members and volunteers. Without your support we would not have achieved our profession's legislative goals. Without the commitment of those who volunteer to serve as council and committee members we would not be able to meet our responsibilities as a self-regulating profession.

Respectfully submitted,
Brenda Murray, RDH, *President*

COUNCIL'S ROLE

The Council manages and conducts the activities of the College, exercises the rights, powers and privileges and carries out the duties of the College and the Council under the Act and the Bylaws. The CRDHA Council operates under the Carver Model of Governance[®]. The CRDHA's mission statement, ends, governance and management policies provide direction to both Council and staff. The Council creates policies that:

- *Establish long and short term ends for the College*
- *Guide the Council's own conduct and performance*
- *Delegate authority to the Registrar*
- *Set out a system for monitoring operations and achievement of ends*

Council held six business meetings, two governance workshops, and an Annual General Meeting between November 1, 2007 and October 31, 2008 to fulfill the responsibility of managing and conducting the business of the College.

BY-LAWS

Council completed its consultation with members and worked with legal counsel in the previous fiscal year in order to give final approval to new CRDHA Bylaws on November 10, 2006. The Bylaws address operational items such as meetings, quorums, elections and establishment of non-regulated membership categories.

RESOURCE ALLOCATION

For the fiscal period November 1, 2007 to October 31, 2008, the Council allocated College resources in three key areas:

1. Governance of the organization
2. High quality, accessible dental hygiene care, and
3. Advancement of the dental hygiene profession.

Governance includes Council's operational expenses for meetings, member forums, the financial audit, insurance, professional and consulting fees related to Council activities and responsibilities.

"High quality, accessible dental hygiene care" encompasses the CRDHA's regulatory responsibilities. .

"Advancement of the dental hygiene profession" includes initiatives that provide information and support to members regarding practice and employment issues and opportunities, increased recognition of the profession, and member and student awards and scholarships.

Often, initiatives related to achievement of Ends are not fully completed by the fiscal year end. This unfinished business results in the reporting of a surplus of funds in the Financial Statement. These initiatives are still scheduled for completion and the surplus funds at year end will be used to complete planned projects.

ENTRY-TO-PRACTICE EXAMINATIONS

Successful completion of the National Dental Hygiene Certification Examination is required for registration with the CRDHA. The examination is offered three times each year in sites across Canada. The University of Alberta serves as the Alberta testing site. CRDHA is a voting member on the National Dental Hygiene Examining Board (NDHCB) and has regulated members on exam development committees.

All applicants for registration with the CRDHA are required to successfully complete a CRDHA on-line jurisprudence examination that increases their knowledge of the provincial legislation and CRDHA standards of practice, practice guidelines and code of ethics.

In order to assist with determining whether an applicant's qualifications and competencies are substantially equivalent to those required for graduation from the approved Alberta program, applicants for registration may be required to complete the CRDHA clinical examination or other testing and assessment activities. In the year ending October 31, 2008, nine individuals were required to complete the clinical examination. Three were placed on the CRDHA Register.

STANDARDS OF PRACTICE AND CODE OF ETHICS

Standards of practice and codes of ethics provide direction to health professionals in the practice of their profession. The Act considers contravention of a College's code of ethics or standards of practice to be unprofessional conduct.

CRDHA has the following standards documents in place: *CRDHA Practice Standards*, *Guidelines for Prescribing and Administering Nitrous Oxide/Oxygen Conscious Sedation*, *Guidelines Regarding Prescription and Non-Prescription Drugs in Dental Hygiene Practice*, *Rules Respecting Advertising* and a *CRDHA Code of Ethics*. The College has adopted *Safety Code 30 – Radiation Protection in Dentistry* until such time as a CRDHA radiation protection manual is developed.

CONTINUING COMPETENCE PROGRAM

The CRDHA has had a mandatory continuing competence program in place since 1997. On November 1, 2006 the program was converted to a three year reporting cycle and all members entered a new reporting period. All persons placed on the register after November 1, 2006 commence their reporting period on the November 1 following their date of registration.

UNAUTHORIZED PRACTICE

In June 2008 the Crown Prosecutor's office was successful in having a guilty verdict and fines imposed, through the Courts, on an individual from Calgary who had no dental hygiene education but who had forged a certificate to practice and was working as a dental hygienist in a Calgary dental practice performing numerous restricted activities related to dental hygiene practice.

REGULATED MEMBER STATISTICS

The Dental Hygienists Profession Regulation establishes a General member register and a Courtesy member register. General members hold a practice permit and may use the protected titles set out in the Act.

General members who have provided the CRDHA with the evidence required to verify that they have achieved competence to perform restricted activities set out in the Dental Hygienists Profession Regulation are authorized to perform those activities. Courtesy members may hold a practice permit under the Act and Regulation on a temporary basis, for up to 60 days, and may perform restricted activities if authorized by the College.

Non-practicing membership is for individuals who were previously on the College's regulated member register. Non-practicing members do not hold a practice permit and are not authorized to use the protected titles. Non-practicing members are generally on maternity or disability leave, continuing further education, or seeking employment in another field.

Student membership is open to students enrolled in the University of Alberta Dental Hygiene Program.

Life membership may be granted to a dental hygienist who has been a registered member in good standing in the College or its predecessor for a minimum of fifteen (15) years and meets the criteria established by Council for Life membership.

FACILITATING CONTINUING COMPETENCE

The College has committed to ensuring that members have opportunities for quality, relevant continuing education. A number of activities were undertaken this year to fulfill this commitment.

ANNUAL CONTINUING COMPETENCE (ACC) EVENT

Three hundred and twenty-eight attendees participated in the CRDHA Annual Continuing Competence (ACC) Event held in Calgary on May 1 -3, 2008. A pre-event session held on May 1 attracted over 50 attendees. The ACC Event included a variety of scientific sessions and workshops relating to “Building a Culture of Safety”. These sessions provided information to support dental hygiene practice in a variety of practice settings. An Exhibitor Showcase provided attendees with product information and practice resources. CRDHA is always pleased to feature the University of Alberta Dental Hygiene Program student research posters as part of the event.

LOCAL ANAESTHETIC CONTINUING EDUCATION

CRDHA works closely with the Department of Continuing Dental Education, University of Alberta, to ensure continued delivery of the Council-approved local anaesthesia course for dental hygienists. The course is available to individuals who have completed an out-of-province dental hygiene program which does not include clinical training in administration of local anaesthetic. Graduates of such programs must successfully complete the U of A local anaesthesia course before CRDHA will authorize them to perform this restricted activity.

ORTHODONTIC MODULE

CRDHA is a co-owner of the Orthodontic Module delivered annually by the Department of Continuing Dental Education, University of Alberta. Regulated members continue to access this course and must complete the course in order to be authorized to provide the restricted activity of fitting an orthodontic or periodontal appliance for the purpose of determining a preliminary fit of the appliance.

OTHER CONTINUING COMPETENCE OPPORTUNITIES

The College hosted 14 educational sessions in Calgary and Edmonton this year. Topics for these sessions addressed learning needs identified by members and CRDHA goals regarding continuing competence and excellence in dental hygiene practice. Course content was pertinent to the scientific, professional or ethical aspects of dental hygiene practice and were eligible for CRDHA Continuing Competence Program Credit.

The College hosted exhibit booths at the Edmonton and District Dental Society's Northwest Dental Exposition and the Calgary and District Dental Society's (CDDS) Mini-Lecture and Exhibits. All five oral health professions come together at these events to learn from a variety of speakers and access the latest product information from industry suppliers.

AUDITOR'S REPORT

To the Members of College of Registered Dental Hygienists of Alberta:

We have audited the statement of financial position of College of Registered Dental Hygienists of Alberta as at October 31, 2008 and the statements of changes in net assets, operations and cash flows for the year then ended. These financial statements are the responsibility of the College's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the College of Registered Dental Hygienists of Alberta as at October 31, 2008 and the results of its operations and its cash flows for the year then ended in accordance with Canadian generally accepted accounting principles.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1. PURPOSE OF COLLEGE:

The College regulates the practice of dental hygiene in a manner that protects and serves the public interest. In fulfilling this role, the College establishes, maintains and enforces standards for registration and continuing competence, standards of practice and a code of ethics for the profession, and investigates and acts on complaints.

NOTE 2. ACCOUNTING POLICIES:

These financial statements have been prepared in accordance with Canadian generally accepted accounting principles. The significant accounting policies are as follows:

REVENUE RECOGNITION:

Membership revenue is recognized in the year to which the membership fees relate. Revenue from special activities is recognized when the function to which the revenue relates to has been presented or completed. Grant revenue is accounted for by the deferral method. Under this method, revenue is accounted for in the period in which the related expenditures are incurred. Unexpended funds are recorded as deferred revenue and will be recognized as revenue when the related expenditures are made.

DONATED SERVICES:

The work of the College is dependent on the voluntary service of many individuals. Since these services are not normally purchased by the College and because of the difficulty of determining their fair value, donated services are not recognized in these financial statements.

INVESTMENTS:

Investments consist of government bonds, treasury bills and term deposits. Investments are classified as held-to-maturity financial instruments and are valued at cost or amortized cost plus accrued interest and are adjusted to recognize impairment, other than a temporary impairment, in the underlying value.

PROPERTY AND EQUIPMENT:

Property and equipment are stated at cost. Amortization is provided at the following annual rates:

Computer equipment	30% declining balance
Office equipment and furniture	20% declining balance
Leasehold improvements.....	straight line over term of lease

Equipment donated to the College is recorded at its estimated fair market value at the time of donation (none in 2008 or 2007).

DEFERRED LEASE INDUCEMENT:

The deferred lease inducement represents the value of cash reimbursements for leasehold improvements provided by the lessor and is amortized over the term of the lease on a straight-line basis. The amortization of the deferred lease inducement is recorded as an adjustment to rent expense.

CASH AND CASH EQUIVALENTS:

Cash and cash equivalents consist of balances with banks and short-term investments with maturities not exceeding 90 days.

USE OF ESTIMATES:

The preparation of financial statements in conformity with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 3. PROPERTY AND EQUIPMENT:

The major categories of property and equipment and related accumulated amortization are as follows:

	Cost	Accumulated Amortization	Net Book Value	
			2008	2007
Computer equipment	\$ 176,305	\$ 109,632	\$ 66,673	\$ 56,033
Office equipment and furniture	117,506	86,353	31,153	33,694
Leasehold improvements	131,731	94,095	37,636	56,455
	<u>\$ 425,542</u>	<u>\$ 290,080</u>	<u>\$ 135,462</u>	<u>\$ 146,182</u>

NOTE 4. NET ASSETS - INTERNALLY RESTRICTED:

By resolution of Council, net assets included in short-term investments have been internally restricted as follows:

	2008	2007
a) Investigations and discipline fund: The fund was established to finance contingencies related to the costs of investigations and discipline	\$ 551,066	\$ 556,580
b) Rental cost fund: The fund was established to cover the increased leasing costs of new office premises to 2010	32,800	49,200
c) <i>Health Professions Act</i> implementation fund: The fund was established to finance the costs of implementing the <i>Health Professions Act</i>	225,581	309,006
Total	<u>\$ 809,447</u>	<u>\$ 914,786</u>

In 2008, the investigations and discipline fund had a net decrease of \$5,514. This net decrease resulted from interest revenue earned of \$33,000 less costs of investigation and discipline of \$38,514.

The rental cost fund was authorized by Council in 2003 and 1/7 of the fund (based on the lease term of seven years) will be utilized annually to offset the current year's rent.

The *Health Professions Act* implementation fund decreased as a result of \$83,425 of costs incurred during 2008.

NOTE 5. COMMITMENTS:

- a) The College is committed to the rental of business premises under a lease agreement which expires November, 2010. The minimum rent payable is \$3,075 per month to November, 2010 plus the College's proportionate share of common area costs.
- b) The College is committed to the rental of office equipment under a lease agreement which expires September, 2010. The minimum lease payments will be \$2,745 quarterly.
