

Application for Transfer Package for Dental Hygienists who are in Good Standing on the CRDHA Non-Regulated Members Register

This registration package is intended for dental hygienists who are in Good Standing on the CRDHA Non-Practicing Register and who are applying to transfer to the General Register. If you are not on the Non-Practicing Register, or your registration with the College has been cancelled, this is NOT the registration package for you. Please refer to our [website](#) to see which application package best applies to you. If you have any questions, please contact our office.

It is strongly recommended that all applicants read the first document in this package thoroughly as it contains important information regarding requirements to apply and answers to commonly asked questions.

Contents of this Registration Package:

1. Information for Persons Transferring from Non-Practicing to General Registration (6 pages)
2. CRDHA Privacy Statement (3 pages)
3. Transfer to General Registration Application Checklist (1 page)
4. Application for Transfer from Non-Practicing to the General Register (5 pages)
5. Vulnerable Sector Check letter (1 page)
6. Verification of Certification, License, or Registration Form (2 pages)
7. CRDHA Jurisprudence Examination Information and Application Form (4 pages)
8. CPR Certification Declaration Statement for Instructors (1 page)

Submitting an Application

Applications and supporting documents can be mailed to or hand delivered to:

Registration
College of Registered Dental Hygienists of Alberta
Suite 302, 8657 – 51 Avenue NW
Edmonton, AB, T6E 6A8

Applicants may choose to send their applications via registered mail. Please be aware that requesting a signature upon delivery may delay receipt of the application by the College.

Supporting documents that do not require notarization or an original signature may be emailed to registration@crdha.ca.

Inquiries

The College would be pleased to answer any questions regarding an application for registration to practice dental hygiene in Alberta. All correspondence and inquiries should be directed to the Registration Team by phone at (780) 465-1756 or by email at registration@crdha.ca.

Information for Persons Transferring from Non-Practicing Registration to General Registration with the College of Registered Dental Hygienists of Alberta

(For Dental Hygienists who are in Good Standing on the CRDHA Non-Practicing Register)

REGISTRATION IS MANDATORY – All Service Providers Must Register

General Registration

Regardless of a person's license status in any other province, state, or country, they must comply with the *Health Professions Act* (the "Act"), the Dental Hygienists Profession Regulation (the "Regulation") and the registration process of the College of Registered Dental Hygienists of Alberta (the "College" or "CRDHA") if they are to be involved in the practice of dental hygiene in the province of Alberta.

In accordance with section 46 of the Act, a person must apply for General registration with the College if they intend to provide one or more of the following services in the province of Alberta:

- Professional services directly to the public;
- The manufacture of dental appliances or conducting of laboratory tests that are used by other regulated members to provide professional services directly to the public;
- The teaching of the practice of a regulated profession to regulated members or students of the regulated profession; and
- The supervision of regulated members who provide professional services to the public.

A person must hold General registration and a Practice Permit whether they intend to practice dental hygiene as an independent practitioner, employee, contractor, or volunteer for any portion of the year - even if it is just one day.

General registration is for applicants who wish to engage in activities/services that involve the knowledge and/or practice of dental hygiene as a clinician, educator, administrator/manager, health promoter, consultant, researcher or sales representative. A Practice Permit will be issued when an application for General registration is approved and must be renewed annually.

An applicant for transfer to the General Register may not practice dental hygiene in the province of Alberta until they have received notification from the College that their application has been approved and they have been added to the CRDHA General Register.

This includes temporary assignments or working interviews.

Applying to Transfer to the General Register

Any Non-Practicing individual in good standing on the Non-Practicing Register is eligible to apply for transfer to the General Registration category on the Regulated Members Register, provided they have paid any outstanding fees, penalties, or levies, and they meet the requirements for registration as outlined in this document.

If a Non-Practicing individual has been on the Non-Practicing Register for less than one calendar year by the time that their application to transfer to the General Register has been approved, the continuing competence program reporting period will continue as if there had been no interruption in registration status.

GENERAL REQUIREMENTS

1. Application Forms, Fees, and Process

An application for transfer must be made on the current and required form. All applications will be reviewed and processed on an individual and equal basis. No application will take priority over another.

Fees listed on the application for transfer form must be paid in Canadian funds by two (2) separate certified cheques, bank drafts, or money orders made payable to the CRDHA: one for the non-refundable application fee, and one for the annual registration fee, minus the Non-Practicing fee already paid at the beginning of the registration year. **Personal cheques will not be accepted.** Fees must be included with the application for transfer. The application fee is non-refundable.

It is important to start the transfer process well in advance of any pre-arranged employment start dates to ensure sufficient time for processing the application. The time required to complete the transfer process may vary considerably from one applicant to another. In all cases, the College works to process applications as quickly and as efficiently as possible. The process generally takes four to six (4-6) weeks **after an application is made complete** but may take longer if additional information is required to make a decision or if an application is received between August and November, which is the College's annual renewal period.

Applications received after September 30 will automatically be put forward for consideration in the beginning of the next permit year (November 1 to October 31)

All supporting documentation should be received by the College within six (6) months of receipt of the application form. Documentation may be sent before the application form, but the application process will only start once the completed application form is received. An application is made complete when all required information, documentation, and fees are received, and all required qualification and competence assessments have been completed. Additional supporting documentation may be requested at any stage during the application process.

The process used by the College to assess each application is as follows:

1. A completed and signed application form is received by mail.
2. An email is sent from the College to the applicant confirming that the application form has been received.
3. The College starts an initial review.
4. An email is sent from the College to the applicant advising them that the initial review has been completed and if the application is not complete, the email will list the items that are outstanding.
 - *The process is on hold until the required documentation is received.*
5. If necessary, the College grants access to the jurisprudence exam once the required documentation is received.
 - *The process is on hold until notification of a successful completion of the exam is received from the testing platform.*
6. The College is notified by the testing platform that the applicant has passed the jurisprudence exam
7. An email is sent from the College to the applicant notifying them that their application is complete and in the final review stage.
8. If the final review finds that additional information is required, an email is sent from the College to the applicant listing the items that are required.
 - *The process is on hold until the requested documentation is received.*
9. The Registrar or delegate reviews the application and supporting document and makes a decision.
10. An email is sent from the College to the applicant to notify them of the Registrar's decision.

The Registrar may approve an application, with or without conditions; defer registration; or refuse the application for registration. In each case, the College is guided by an assessment of what is in the best interest of the public.

2. CRDHA Continuing Competence Program Requirements

Within the **three years immediately preceding** the date an application for transfer is made complete, applicants for transfer must provide evidence of meeting the same continuing competence program requirements as a general member under section 17(1) of the Dental Hygiene Profession Regulation. These requirements are:

- *600 hours* of practice as a dental hygienist within Canada, listed in the application form under Employment History, and supported by a signed letter from the applicant's employer or copies of Records of Employment (ROEs) for each entry listed; **and**
- *45 credits (hours)* of professional development as a dental hygienist, listed on the provided attachment and supported by relevant course information and completion documentation.

If an applicant meets the practice hour requirement but does **not** meet the professional development credits, they will be required to do one of the following:

- Engage in further learning activities until they meet the 45-credit requirement; **or**
- Successfully complete the National Dental Hygiene Certification Exam (NDHCE)

If an applicant does not meet the practice hour requirement, regardless of whether they meet the professional development requirements, they will be required to provide evidence of successful completion of a Council-approved dental hygiene refresher or remedial education course. The course must include didactic and clinical components and be completed *no longer than 12 months prior to application for transfer*.

Applicants who have not practiced in 3 to 5 years will need to successfully complete a 5-day dental hygiene education refresher course. A 10-day dental hygiene refresher education course is suggested for applicants who have not practiced in 5 or more years.

3. Jurisprudence Examination

Applicants who have not successfully completed the CRDHA Jurisprudence Examination within the last three years must do so before their application is made complete. Exam questions are based on documents that are provided in the application package (Jurisprudence: Knowledge of the Law).

Applicants must complete and sign the Jurisprudence Examination Application form, requesting a unique exam access code and giving authorization to the testing agency to release the applicant's exam results directly to the College. The College will provide access to the jurisprudence exam **when all other supporting documents related to an application are received**. The jurisprudence examination can be completed on-line at an applicant's convenience. An application for transfer will not be made complete without evidence of successful completion of the jurisprudence exam dated within the last three years.

4. Good Character and Fitness to Practice

Section 7 of the Regulation requires applicants to provide written evidence of having good character and reputation. Applicants must provide evidence of having good character and reputation by:

- Answering all questions on the Application for Transfer related to previous or current registration and/or applications for registration, unprofessional conduct processes, disciplinary action, and criminal offences;
- Listing all jurisdictions in which they are currently or were previously registered/certified/licensed to practice dental hygiene or any other health profession; and having each jurisdiction complete the Verification of Registration Form and mail it directly to the CRDHA;
- Answering all questions related to good character and fitness to practice; and
- Providing relevant evidence requested by the Registrar or Registration Committee.

a. Verification of Registration

If an applicant is or was certified, licensed, or registered to practice dental hygiene or **any other regulated profession**, the applicant must complete Section A of the Verification of Registration form. A copy of the entire Verification of Registration form (sections A and B) must be sent to each regulatory authority where the applicant is currently or was previously certified, licensed, or registered. Section B must be completed by the regulatory authority and sent directly to the College. Verifications of Registration must be completed by the regulatory authority **no longer than 6 months prior** to the date the application is made complete. If a Verification of Registration is returned with a finding of unprofessional conduct based on sexual misconduct or abuse, a full disclosure will be requested from the applicant and the regulatory authority and the application may be referred to the Registration Committee for decision.

b. Vulnerable Sector Checks

Applicants must submit a vulnerable sector check issued within 1 year from the date it is received by the College. A basic criminal record check will not be accepted. The vulnerable sector check can only be conducted by the local police service (or RCMP detachment if there is no local police service). There is a form letter included in the application package which can be provided to a local police service to process the request. The College will accept an original document, a notarized copy, or an electronic version sent directly from the local police service to the College.

c. Protecting Patients from Sexual Abuse and Misconduct

As part of Bill 21 – An Act To Protect Patients, all regulated health professionals in Alberta must successfully complete training on preventing and addressing sexual abuse and sexual misconduct towards clients.

Applicants who have not already successfully completed the e-learning course “Protecting Patients from Sexual Abuse and Misconduct” must do so before their application is made complete. This interactive e-learning course was developed by the Alberta Federation of Regulated Health Professions (AFRHP) and is available via the [AFRHP website](#).

The course consists of three modules that will familiarize applicants with Bill 21 and how to prevent, recognize and respond to sexual abuse and sexual misconduct. Please note, the course must be completed in one session – applicants are unable to exit the course midway then re-enter at a different time to finish the content. Once the course has been completed, the program will generate a “Certificate of Completion”, which must be submitted with an application for transfer. If an applicant has completed this course in the past and can provide that certificate of completion as evidence, they do not have to retake the course.

Please note that this course includes scenarios depicting sexual abuse and misconduct that may be disturbing or triggering to some viewers. If you have concerns, please speak, in confidence, with the College Registration Lead.

5. Professional Liability Insurance

Section 8 of the Regulation requires that applicants provide evidence of having professional liability insurance. The College requires all persons on the General register to have professional liability insurance that meets the minimum standard as approved by Council. Professional liability insurance must meet the following minimum requirements:

- Coverage for each occurrence/claim of no less than \$1,000,000;
- Annual aggregate coverage of no less than \$5,000,00;
- An extended reporting period (ERP) provision for a minimum period of two (2) years.
- Professional liability insurance must be for the individual applicant; employer coverage is not acceptable;
- Professional liability insurance must be for the purpose of dental hygiene services; and
- Professional liability insurance must cover the entire annual permit year (the policy period cannot expire prior to October 31 of the current registration year)

Applicants must provide a copy of a valid insurance certificate showing the minimum requirements. Enhanced insurance options may be of particular interest to registrants who perform advanced restricted activities procedures (local anaesthesia, nitrous oxide/oxygen conscious sedation, restorative procedures, orthodontic procedures, etc.).

6. CPR Certification

Section 9 of the Regulation requires that applicants provide evidence of current CPR certification. Applicants must provide evidence of having successfully completed a CPR course at the level [approved by Council](#). CPR certification training must include:

- a. theory instruction and assessment; and
- b. hands-on component for skills practice and evaluation.

Certification must include, at a minimum, the following competencies:

- i. one- and two-person rescuer chest compressions for adults, children, and infants;
- ii. one- and two-person rescuer adult, child, and infant bag-valve mask technique;
- iii. rescue breathing for adults, children and infants;
- iv. relief of choking in adults, children, and infants; and
- v. use of an automated external defibrillator.

The course must be delivered in accordance with the recommendations of the International Liaison Committee on Resuscitation (ILCOR). Basic Life Support and/or Health Care Provider level courses generally meet these requirements. Exceptions to the ILCOR requirement must be approved by the College.

The course must be completed no longer than 12 months prior to issuance of CRDHA registration. Applicants must enclose a completed CPR Certification Declaration Statement for Instructors along with a **notarized** copy of their current CPR wallet card/certificate as evidence of holding CPR certification at the required level.

7. Competence to Practice Advanced Restricted Activities

The Regulation identifies restricted activities that dental hygienists are authorized to practice. As these restricted activities involve a significant degree of risk to the public, they can only be performed by individuals with specific competencies. Competencies related to many of the restricted activities authorized in the Regulation are taught in the basic curriculum of accredited dental hygiene educational programs (i.e., scaling, root planing, ordering and exposing radiographs).

Competencies related to the following restricted activities, which are included in Alberta dental hygienists' scope of practice, are not inclusive in all dental hygiene educational programs:

- a. Prescribing and administering local anaesthesia by injection;
- b. Prescribing and administering nitrous oxide/oxygen for the purpose of conscious sedation;
- c. Restorative procedures of a permanent nature in collaboration with a dentist;
- d. Orthodontic procedures including preliminary fitting of appliances in collaboration with a dentist;
- e. Preliminary fitting of periodontal appliances in collaboration with a dentist; and
- f. Prescribing the Schedule 1 Drugs listed in the Dental Hygienists Profession Regulation

If, on the registration application form, an applicant identifies that they have completed formal classroom and clinical education related to one or more of the restricted activities listed as (a) to (f) above, a separate application for authorization to perform the restricted activity must be submitted to the College **within 6 months of completing their education**, or with appropriate evidence of currency.

The Advanced Restricted Activities policy can be found here: [Advanced Restricted Activities policy](#). The Advanced Restricted Activities application form can be found here: [Advanced Restricted Activities application form](#).

At any time following initial registration, a registrant may successfully complete a Council-approved course related to performing one of the restricted activities listed as (a) to (f) above and may apply for authorization to perform the activity. The application form and all required supporting documents must be sent to the College for review within 6 months of completing their education.

No applicant may perform the restricted activity until the applicant has received notification that the application for authorization to perform the restricted activity has been approved.

8. Submitting an Application

Applications and supporting documents can be mailed or hand delivered to:

Registration
College of Registered Dental Hygienists of Alberta
Suite 302, 8657 – 51 Avenue NW
Edmonton, AB, T6E 6A8

Applicants may choose to send their applications via registered mail. Please be aware that requesting a signature upon delivery may delay receipt.

Supporting documents that do not require notarization or original signature may be emailed to registration@crdha.ca.

9. INQUIRIES

The College would be pleased to answer any questions regarding an application for transfer. All correspondence and inquiries should be directed to the Registration Team by phone at (780) 465-1756 or by email at registration@crdha.ca.

Your Privacy is Important to Us

Why the College of Registered Dental Hygienists of Alberta (the College) Collects Personal Information

The College considers your privacy to be of utmost importance and is committed to maintaining the privacy of registrants and applicants for registration.

The College is required to obtain information about you to comply with legal requirements of the *Health Professions Act* (the “HPA”), the Dental Hygienists Profession Regulation (the “Regulation”) and the College Bylaws.

1. Section 33 of HPA requires that the College register contain the following information with respect to any person whose name is entered in the register:
 - a. the name of the registrant;
 - b. the registrant’s unique registration number;
 - c. any restrictions or conditions on the registrant’s registration or practice permit;
 - d. the status of the practice permit, including suspensions or cancellations;
 - e. whether the registrant is authorized to provide a restricted activity not normally provided by all regulated registrants of the College;
 - f. whether the registrant is not authorized to provide a restricted activity that is normally provided by regulated registrants of the College.

According to law, the College must make this information on the register available to any person who requests information respecting a particular registrant. Therefore, the College makes the above information available to the public.

2. Section 31 of the Regulation requires applicants for registration, general registrants and courtesy registrants to provide the College with specific personal and demographic information on initial application for registration, when there are any changes to the information, or at the request of the Registrar:
 - a. full legal name, and if applicable, previous surnames;
 - b. gender;
 - c. date of birth;
 - d. home address, telephone number, e-mail address and fax number;
 - e. academic and practical training qualifications;
 - f. name of the academic institution from which the member graduated;
 - g. year of graduation;
 - h. place of employment;
 - i. employer’s name, address, telephone number, e-mail address and fax number;
 - j. type of facility in which the regulated member practices;
 - k. job title and position description;
 - l. number of working hours employed in the practice of dental hygiene for the previous year;
 - m. employment history;
 - n. area of practice and specialties;
 - o. languages in which the member can provide professional service;
 - p. other jurisdictions in which the member is registered to practice dental hygiene;
 - q. whether the member is a registered member of another health profession and whether the member is providing professional services regulated by that profession’s College.

3. Section 8.6 of the College Bylaws requires applicants for non-regulated membership and registrants on the non-regulated registrant register to provide the College with specific personal and demographic information on initial application for registration, when there are any changes to the information, or at the request of the Registrar:
 - a. the full name of the Member; and if applicable, previous name;
 - b. the member's unique registration number;
 - c. gender;
 - d. date of birth;
 - e. home address, phone number, fax number and e-mail address;
 - f. academic and practical training qualifications, including the name of the institution and the year of graduation;
 - g. employment history;
 - h. languages spoken;
 - i. other jurisdictions in which the Member is registered to practice dental hygiene;
 - j. other colleges of regulated health professions with which the Member is registered.

Information collected under s.31 of the Regulation and s.8.6 of the Bylaws is relevant to the College's registration processes and operational activities. The College keeps this information in the strictest confidence and does not make it available to the public except for the purposes set out below.

Use and Disclosure of Your Personal Information by the College

1. Mandatory Use and Disclosure

The College will use information provided by or on behalf of applicants for registration and the College's regulated registrants as authorized by the *Personal Information Protection Act* (PIPA) and for the following purposes:

- a. to manage and conduct the business and affairs of the College in accordance with the HPA, Regulation, Bylaws and policies;
- b. to provide the services requested by you;
- c. to supply information to the Canadian Dental Hygienists Association ("CDHA") to ensure appropriate liability insurance policies exist;
- d. to release information for purposes of a letter of good standing to another regulatory authority;
- e. to release information for the purposes of interprovincial trade agreements and memorandums of understanding between Canadian dental hygiene regulatory authorities;
- f. to release information that is necessary to satisfy any law, regulation or request from the Minister;
- g. to publish the list of names of regulated and cancelled registrants in order that the public, employers and other health care providers can confirm the registration status of dental hygiene service providers;
- h. to release information that is necessary for participation as a recognized provider of dental hygiene services under government funded dental health programs (e.g. Alberta Blue Cross, Alberta Dental Services Corporation, Non-Insured Health Benefits Program);
- i. to release information to the Government of Alberta for the purpose of establishing dental hygiene workforce records within the Alberta Provider Directory, a comprehensive health workforce planning tool and a source of identifying unique providers in a new Electronic Health Record system;
- j. to release information for purposes of meeting provincial and federal government requirements; and
- k. to publish information as required by an order of any Tribunal or Committee in accordance with the Act, the Regulation and/or the Bylaws.

Non-regulated registrant's information is used and disclosed in a manner consistent with the above.

2. Optional Use and Disclosure

The College may also use information provided by or on or behalf of applicants for registration, regulated registrants and non-regulated registrants for the following purposes:

- a. To provide contact information to the University of Alberta Continuing Dental Education Department for mailing of notices about refresher, upgrading and continuing education programs and courses;
- b. to, at times, provide the release of registrant's contact information for College-approved research purposes;
- c. to, at times, provide contact information to a class alumni association or class president for the purpose of facilitating the organization of a class reunion; and
- d. to, at times, provide registrant's mailing labels, for one time use only, to providers of relevant continuing education programs.

The College will use your personal information in the ways described in item 2 above unless prohibited by law **or you send a written or emailed request to the College opting out (see Item 4).**

3. Use of Service Providers outside Canada

Most of the College's service providers are located in Canada. However, from time to time, the College also uses service providers located in the USA. The College evaluates the capabilities, practices, safeguards and trustworthiness of potential service providers outside Canada prior to their engagement. The College takes reasonable steps to protect registrant information handled by a service provider who is engaged by the College, usually by way of a contract for services which contains appropriate safeguards.

American service providers used by the College (e.g. Constant Contact) are permitted to collect and/or use your personal information for the following purposes:

- a. to assist the College in sending and managing electronic and/or other communications to registrants about College registration, annual renewal requirements, and other regulatory information of interest to registrants; and
- b. to assist the College in sending and managing electronic and/or other communications to registrants and others about events such as conferences, workshops and continuing education opportunities, or about College activities and other information of interest to registrants.

4. Contacting the College

If you **do not** want your personal information used as set out in Item 2 "Optional Use and Disclosure", you may opt out by contacting the College:

By Mail: College of Registered Dental Hygienist of Alberta
Suite 302, 8657- 51 Avenue N.W., Edmonton AB T6E 6A8

By Email: info@crdha.ca

The College provides registrants with access to their own personal information as held in the College register and/or record. Upon request, all appropriate corrections and updates will be made to your personal information.

Transfer to General Registration Application Checklist (For Dental Hygienists who are in Good Standing on the CRDHA Non-Practicing Register)

To avoid delays in processing your application, please use the following checklist to ensure that you have included all the necessary documentation before mailing your *Application for Transfer* form to the College of Registered Dental Hygienists of Alberta (the College or CRDHA).

Complete **all** sections of the application form. **Print** in ink. If a section is not relevant to your situation, write “N/A” in the space.

**All notarized documents must include an original stamp or seal and signature of the Notary Public.
Photocopies or electronic copies of these documents will not be accepted.**

Please see the Transfer Application Policy for information about each requirement.

General Requirements

Have you:

- Completed all sections of the Application form?
- Signed and dated the Statutory Declaration on the Application form?
- Enclosed the appropriate fees in the form of two certified cheques or money orders made payable to CRDHA?
 - One **certified** cheque or money order for the non-refundable application fee
 - One **certified** cheque or money order for the registration fee

Documentation to be Submitted Directly to the College

Have you requested that the applicable following documentation be submitted directly to the College?

- A Vulnerable Sector Check completed within 1 year from the date it is received by the College
- Verification of registration / certification / licensure from the Regulatory College in **each** jurisdiction where you are or have been registered / certified / licensed as a dental hygienist or as any other regulated professional.*

Additional Required Documentation

Have you enclosed the following documentation?

- Evidence of meeting the CRDHA Continuing Competence Program requirements:
 - Evidence of a minimum of 600 practice hours **AND**
 - Evidence of a minimum of 45 continuing competence program credits.

OR

- Evidence of completion of a Council-approved dental hygiene refresher education course.
- Completion certificate for the e-Learning course [“Protecting Patients from Sexual Abuse and Misconduct”](#).
- CRDHA Jurisprudence Examination Application form
- A copy of your professional liability insurance **certificate** showing the minimum requirements
- A **notarized** copy of current CPR certification at the [required level](#)
- CPR Certification Declaration Statement for Instructors form

Advanced Restricted Activities

If you would like to apply for entry onto the Advanced Restricted Activities roster, please click on these links to download the Advance Restricted Activities [policy](#) and [application form](#). This separate application must be submitted to the College **within 6 months of completing your education**, or with the appropriate evidence of currency.

A notarized copy is one which is certified as a *true copy* of the original by a lawyer, judge, MLA, or other individual designated as a Notary Public. A Notary Public must sign, stamp, and seal notarized documents.
A Commissioner of Oaths cannot notarize documents.

APPLICATION FOR TRANSFER FROM NON-PRACTICING TO THE GENERAL REGISTER OF THE COLLEGE OF REGISTERED DENTAL HYGIENISTS OF ALBERTA (CRDHA)

(For Dental Hygienists who are currently on the Non-Practicing Register)

ELIGIBILITY			
Individuals on the CRDHA Non-Practicing Register in good standing who wish to return to practice in Alberta may apply for transfer to General Registration on the Regulated Member Register. Non-Practicing individuals must not return to practice until they have been notified that their request for transfer to General Register is approved and a Practice Permit has been issued.

RE: Request for Vulnerable Sector Check

The individual requesting a vulnerable sector check through your agency is applying for registration on the General Register or Courtesy Register of the College of Registered Dental Hygienists of Alberta (CRDHA). Under Alberta's *Health Professions Act*, a person must hold General or Courtesy registration and a practice permit if they intend to practice dental hygiene in Alberta for any portion of the year.

Providing dental hygiene services requires the skills, competencies, and professionalism of the dental hygienist as well as a level of trust on the part of the patient and the public. Dental hygienists in Alberta routinely provide services to seniors, children, or other vulnerable persons.

Given that College's primary responsibility is public safety in all practice settings, the CRDHA Council passed a motion on December 10, 2021, to require a vulnerable sector check as part of the registration application process. This requirement is in effect for all applications received after November 1, 2022.

Any questions regarding this registration requirement can be directed to registration@crdha.ca or 780-465-1756, ext. 2.

Thank you,

Amie Dowell, MPH
Registrar & CEO

VERIFICATION OF CERTIFICATION, LICENSE, OR REGISTRATION

Jurisprudence: Knowledge of the Law

In November 2006, the *Health Professions Act* and the Dental Hygienists Profession Regulation came in force for the dental hygienists profession. The Dental Hygienists Profession Regulation 4(2) states:

An applicant for registration under subsection (1) must successfully pass a jurisprudence examination referred to in section 3(1)(c).

jurisprudence. *L jūris prūdentia* (jurisprudence)

- the science or philosophy of law.
- a body or system of laws
- a department of law: medical jurisprudence.
- Civil Law. decisions of courts, especially of reviewing tribunals

Dictionary.com Unabridged.

Retrieved June 20, 2022, from Dictionary.com website: <http://dictionary.reference.com/browse/jurisprudence>

The primary function of the College of Registered Dental Hygienists (the College or CRDHA) is to promote high quality dental hygiene practice and ensure client safety. This means that the public can expect to receive dental hygiene services from competent professionals who are registered with the College.

Consumers, College registrants, other health professionals, employers, educational institutions, and regulatory bodies consult the College for information about various aspects of dental hygiene practice including legal considerations of dental hygiene practice in Alberta. The term jurisprudence encompasses those legal considerations.

As a registered dental hygienist, it is your professional responsibility to know, comply with, and seek further information about legislation, standards of practice and CRDHA policies regarding dental hygiene practise in Alberta. Whether you are an employee, independent contractor, or an employer, know your rights and responsibilities.

Ignorance of the law is not an acceptable excuse for unprofessional conduct.

The CRDHA Jurisprudence Examination: An Opportunity to Learn

This article answers some frequently asked questions about the jurisprudence exam:

- What is the purpose of the jurisprudence examination?
- What is the jurisprudence examination like?
- Why is it an open-book examination?
- What information should I review for the jurisprudence examination?
- Where can I find the information I need to review for the examination?
- When can I access the CRDHA Jurisprudence Exam?
- I don't have a computer. How can I take the examination?
- Tips to approaching the documents and taking the examination

What is the purpose of the jurisprudence examination?

The jurisprudence examination is designed to ensure that registrants have sufficient knowledge and understanding of the legislative and ethical framework to safely and competently practice dental hygiene in Alberta.

The College determines the eligibility of an individual to attempt the jurisprudence examination. Successfully completing the examination is required of the following individuals:

- a new registrant;
- a registrant transferring from non-practicing status; or
- a member applying to enroll in the CRDHA Elements of Prescribing: A Refresher Course for Dental Hygienists.

What is the jurisprudence examination like?

The examination is an online, open book examination comprised of 50-60 questions randomly selected from a bank of multiple choice and scenario questions. Depending on how familiar you are with the information the examination can take between one and two hours to complete, although occasionally some individuals have needed more time than this. **The examination can be completed in more than one sitting within a 48-hour period and the examination can be paused and accessed at your convenience.** A valuable, short tutorial is included on the exam site to help you become familiar with the exam process and use of resources.

Why is it an open-book examination?

The jurisprudence examination is an open-book format because an applicant is not expected to memorize the exact information from all of the documents. An applicant should understand how the documents relate to each other and where to access the pertinent information. Become familiar enough with each document so you can access the appropriate document when the need arises.

What information should I review for the jurisprudence examination?

There are many laws, schedules, rules, standards, and bylaws that govern health care in Alberta. The official statutes and Regulations must be consulted for all purposes of interpreting and applying the law.

Where can I find the information I need to review for the examination?

The documents you should review and refer to for the examination can be found through links on the College website (www.crdha.ca). Please see the end of this document for a [list of links](#).

When can I access the CRDHA Jurisprudence Exam?

Once the College has received all the required documentation for your application, you will receive an email that will include your username, a temporary password, and directions on how to login and change your password.

I don't have a computer. How can I take the examination?

The examination is accessed only by computer and internet connection. If you do not have other access to a computer, they are available in libraries and schools throughout the province.

Tips to approaching the documents and taking the examination

- Determine how the documents relate and which document takes precedent over the other. e.g., the *Health Professions Act* is the umbrella legislation governing all regulated health professions in Alberta; the Dental Hygienists Profession Regulation specifically applies to the dental hygienists profession; the CRDHA Bylaws indicate how the CRDHA is governed, the Dental Hygiene Standards of Practice and Practice Guidelines indicate how you should practice; the Code of Ethics indicates your ethical responsibilities.
- Scan the table of contents of each document for a general idea of content. Some people print the table of contents of each document to use as a road map to navigate the documents online. Other people might print off the complete documents for reference.
- Do not expect to successfully complete the examination by only using a document search function to look for key words. Doing so will not give you an understanding of how the documents relate to each other.
- Determine the pertinent sections of each of the documents and read them well. Make note of areas that of major significance.
- The examination takes concentrated effort. Allow yourself chunks of time to work on the examination without interruption.

CRDHA JURISPRUDENCE EXAMINATION APPLICATION FORM

Examination Information

Under the *Health Professions Act* and in accordance with the Dental Hygienists Profession Regulation, all applicants for registration on the General Register must successfully complete the CRDHA Jurisprudence Examination.

The examination is only available in English. The examination is comprised of multiple-choice questions designed to test the applicant's knowledge of the legislation, Code of Ethics, Practice Standards and Guidelines that govern the practice of dental hygiene in the Province of Alberta. Dental hygienists must be familiar and comply with provincial legislation and professional standards of practice or they will be subject to disciplinary action.

The examination is conducted by a secure on-line testing agency. You will be provided access to the examination once all documents and fees related to your application for registration have been received, including this application form. Please see the Jurisprudence: Knowledge of the Law document for information about the exam and links to reference documents. The on-line exam is open-book and can be completed at your convenience. You must complete the examination alone. The exam site will contain all the directions you require for completion of the examination.

Statement of Understanding

I hereby apply to write the CRDHA Jurisprudence Examination. I understand that one criterion for registration with the CRDHA is successful completion of this examination. I understand that I must complete this examination on my own and I confirm that I will not complete the examination with any other CRDHA registrant or applicant for registration.

By signing this application, I give express permission for CRDHA to release the personal information I have provided above to the testing agency in order to generate my examination access code and examination results and, I give express permission for the testing agency to provide a report of my examination score directly to the CRDHA to become part of my application for registration.

I understand that the examination questions are the property of the CRDHA and that unauthorized disclosure of the examination questions is prohibited. In consideration for being a candidate in writing the CRDHA Jurisprudence Examination, I agree to maintain the confidentiality of the examination questions.

CPR Certification Declaration Statement for Instructors

This declaration statement is for the following named applicant: _____

Applicants for General or Courtesy Membership or annual renewal of a Practice Permit must provide evidence of having successfully completed a cardiopulmonary resuscitation course for health care providers at the level [approved by Council](#). CPR certification training must include:

- a. theory instruction and assessment; and
- b. hands-on component for skills practice and evaluation.

Certification must include, at a minimum, the following competencies:

- i. one- and two-person rescuer chest compressions for adults, children, and infants;
- ii. one- and two-person rescuer adult, child, and infant bag-valve mask technique;
- iii. rescue breathing for adults, children and infants;
- iv. relief of choking in adults, children, and infants; and
- v. use of an automated external defibrillator.

The course must be delivered in accordance with the recommendations of the International Liaison Committee on Resuscitation (ILCOR) and completed no longer than 12 months prior to issuance of CRDHA registration or practice permit renewal.

Please complete the checklist below to confirm that the following requirements were included in the CPR course delivered to the above-named applicant. The signed and dated Declaration Statement may be returned to the CRDHA office by mail, email, or fax at the addresses above.

Date CPR course was completed: _____

- one- and two-person rescuer chest compressions for adults, children, and infants
- one- and two-person rescuer adult, child, and infant bag-valve mask technique
- rescue breathing for adults, children, and infants
- relief of choking in adults, children, and infants
- use of an automated external defibrillator

I, _____, CPR instructor, certify that the information provided on this form is complete and true, and knowing that is of the same force and effect as if made under oath and by virtue of the "Canada Evidence Act". I understand that making a false statement on this application could result in the rejection of the above-named individual's application for a practice permit.
